Subject Line: How to winterize your garden...

Tip #43: Green Leaf Lawncare Inc. recommends winterizing your garden.

Fall is here. Winter is coming. Is your garden ready for bed? If it isn't, Green Leaf Lawncare Inc. can help. If you have any questions, please call our office at 206-756-9247.

According to the Farmer's Almanac, our team of professional experts will...

- Rake up fallen leaves.
- Prepare your vegetable garden for winter.
- Water perennials and flowering shrubs in the fall.
- Prepare trees, shrubs and roses for winter.
- Surround small trees or shrubs with a cylinder of snow fencing. This protects them from extremely cold winter temperatures.

Other things you can do yourself...

- Empty your outdoor containers. Store this upside down.
- Store scrubbed tools, hose nozzles and sprinkler attachments in your tool shed or garage.
- Continue mowing your lawn into late fall.

Green Leaf Lawncare Inc. is offering a free service to winterize your garden. When you call 206-756-9247 our company will send out a knowledgeable professional team. This is a complementary service at no cost to you. Please call 206-756-9247 today to make an appointment to have your garden winterized for free.
